## **THE BYAS SENSATION FACE LIFTER**

FOUR TECHNOLOGIES, ONE PERFECT SYSTEM

The BYAS Face Lifter offers you professional technology in a mobil hand-held device for a convenient and highly-effective use at home. The patented MST Multi-Synchronous Technology™ of the Face Lifter combines four technologies, which have been used successfully in specialist clinics and institutes for many years: Iontophoresis, electrical muscle stimulation, radiofrequency and microvibration.

## THE BYAS MOVE EYE LIFTER

The BYAS Eye Lifter combines pure Hyaluronan Special Serum for the eyes with professional skin rejuvenation technologies. MST™ Iontophoresis and MST™ Microvibration are particularly tailored to the sensitive skin around the eyes, introducing the highly efficient, bimolecular hyaluronan-based complex of special active ingredients effectively yet maximally gentle into the deeper layers of the skin.
